

Citation of Prof. M.S. Raghunathan for D.Sc. (Honoris Causa)

Citation of Prof. Ashoke Sen for D.Sc. (Honoris Causa)

Professor Ashoke Sen has made some of the most important contributions to theoretical physics in the last several decades. His 1994 work in quantum field theory convinced physicists of the existence of a remarkable equivalence between the strongly-coupled and the weakly-coupled theories, known as the S-duality. This seminal pap
